RED WINES BY THE BOTTLE

OLD WORLD WINE REGIONS

The Old World wines say,

"We don't just follow the rules. We made the rules."

The lines of the Old World wine regions are drawn by where modern winemaking traditions first originated. When it comes to old world, the operative word is "influence." These are the places that exported not only their grapes and wines to other countries, but their winemakers and traditions as well.

NEW WORLD WINE REGIONS

The New World wines say,

"The only reason to learn the rules is so you can break them later."

"New world" refers to those countries and winemakers who inherited the traditions from other countries to cultivate their own. Over time, whether through circumstance or creativity, folks in the new world exchanged the old ways for new ones. New world wine was born!
